THE CHARLEROI MAIL

VOL. XVII. NO. 279. CHARLEROI, WASHINGTON CO., SATURDAY, MAY 12, 1917 ONE CENT

MATHIAS NAMED CHIEF CLERK TO COMMISSIONERS

Charleroi Man Appointed to Important Position in Washington

TAX COLLECTORSHIP IN DOUBT

John Mathias, tax collector of Charleroi Friday was named chief clerk to the county commissioners. His salary was placed at $2,100, the same that was paid Harry R. Campbell, resigned. Commissioners Watson and Barnum voted for Mathias and Hill for John G. Hall. Mr. Mathias is one of the prominent men of Charleroi and his many friends are glad to see his promotion.

Mr. Campbell, who for several years was clerk to the commissioners, resigned several weeks ago to become chief statistician to the state highway department, with office at Harrisburg.

The appointment of Mr. Mathias to the position will leave the office of tax collector vacant here. Already there has been a scramble for appointment to the place. Among those in the forefront, all of whom will be candidates for the later election are J. L. Reeves, Fred W. Brady and Charles S. Batemen, all able men and strong candidates.

CHARLEROI EAGLES TO TAKE PART IN PARADE

Local Aerie to Have Full Turnout Saturday Evening—Will March With Band—Committee Named to Complete Arrangements.

Charleroi Aerie, No. 390, Fraternal Order of Eagles, will participate in the Charleroi patriotic parade next Saturday evening with a full turn out of members and a band. Decision to this effect was reached Friday evening at a meeting of the aerie, and a committee appointed to make arrangements. The committee consists of E. R. Allen, J. A. Weber, William H. Zellers, Jr., and M. T. Crowley.

Not only will Charleroi Aerie turn out in full force but an effort will be made to have all Monongahela valley Aeries in this vicinity send large representations of members.

LOCAL P. H. C. WILL APPEAR IN PARADE

Action Taken at Enthusiastic Meeting Friday Evening and Work of Preparation is Started Under Direction of Deputy Henline

Charleroi Circle, No. 303, Protected Home Circle, will participate in the patriotic parade to be held in Charleroi next Saturday. Such was the action taken by the circle at a well attended meeting Friday evening. M. M. Henline of Uniontown, local deputy for the P. H. C. was here at the time to arrange for participation and he conducted a rehearsal of the ladies' banner degree team.

Charleroi circle expects to occupy a good position in the line of march with a large representative of members. A representative of the circle will meet with the executive committee next Monday evening to receive instructions as to position in the parade, to report to the P. H. C. committee to meet at the home of Mrs. Minnie Lape in the Schmeiler building Tuesday evening.

NATIONAL ANTHEM NOT TO BE PLAYED AS PART OF MEDLEY

Rules Are Officially Announced—Proper to Stand With Bowed Head As Selection is Rendered

"The Star Spangled Banner" must not be played as part of a medley, even with other patriotic airs, it was pointed out Friday in government circles and it was stated that a military band which did this would be promptly court-martialed.

Other errors the public is prone to make with regard to the national anthem were also officially shown up. People should rise, or, if standing bare their heads, only upon the playing of "The Star-Spangled Banner," and not at the playing of "America" or other patriotic airs. Particularly, it was stated, "The Star-Spangled Banner" must never be rearranged to provide dance music. Disregard of these official rules, it was said, lowers the respect in which the national anthem should be held.

CENSUS BUREAU ESTIMATES MEN

Charleroi Has 1,193 Subject to Conscription, Figures Show

AGE LIMIT FROM 21 AND 30

It is estimated at the Census Bureau that the male population of cities and towns in Western Pennsylvania between the ages of 21 and 30, inclusive—men who will have to register for the conscript army, is as follows:

Altoona, 5,865; Beaver Falls, 1,353; Braddock, 2,168; Bradford City, 1,454; Butler, 2,763; Carnegie, 1,169, Charleroi 1,193; Connellsville, 1,545; DuBois, 1,466; Duquesne, 1,996; Erie, 7,519; Franklin, 1,130; Greater Punxsutawney, 1,051; Greensburg, 1,548; Harrisburg, 7,201; Homestead, 2,246; Jeannette, 946; Johnstown, 6,852; Latrobe, 1,139; McKees Rocks, 1,994; McKeesport, 4,752; Meadville, 1,380; Monessen, 2,163; New Brighton, 927; New Castle, 4,113; North Braddock, 1,514; Oil City, 1,929; Olyphant, 996; Sharon, 1,861; Sharpsburg, 897; Titusville, 871; Uniontown, 2,078; Warren, 1,473; Washington 2,161; Wilkinsburg 2,322.

Notice.

All members of Branch 782 L. C. B. A. are requested to go to California Sunday afternoon on the 2:45 train to go to the home of Miss McAllister. President Mrs. McBride.

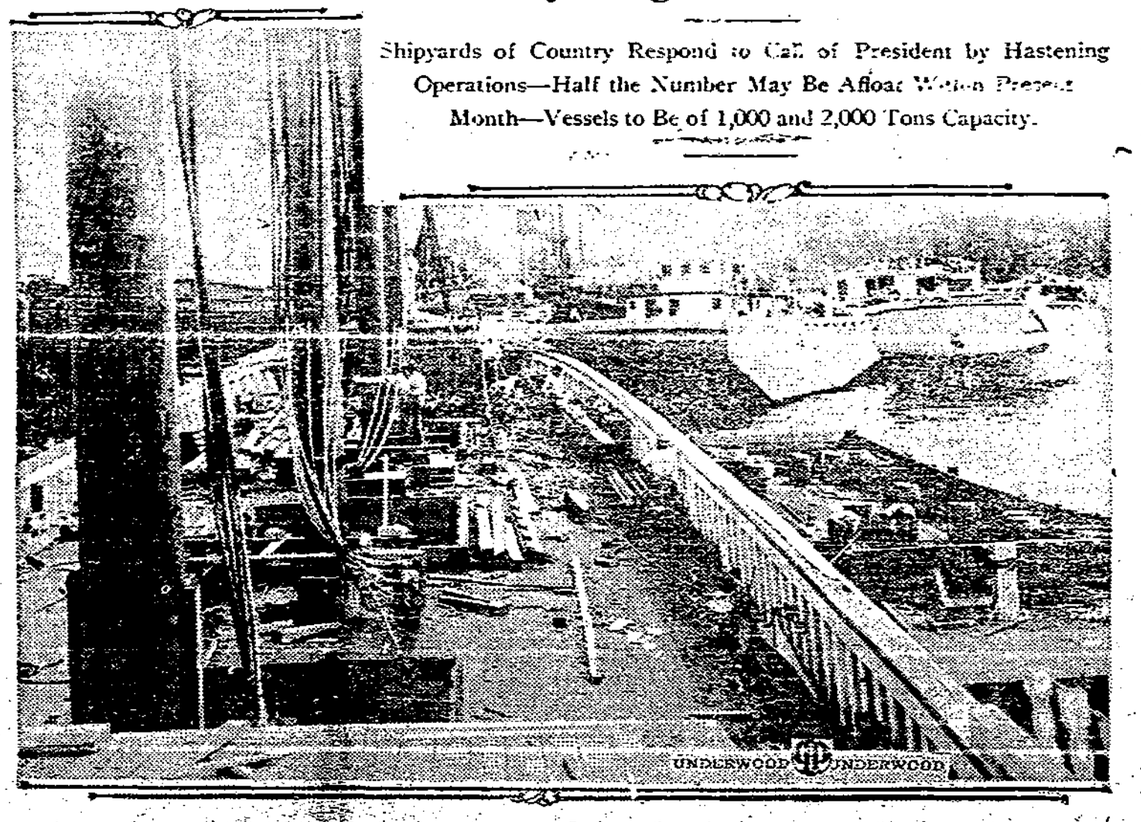
Charles Edward Heibel, submarine diver for the U. S. government who has been located at Lock No. 4 has been transferred to Lock No. 2.

"A Thousand Wooden Ships" For American Merchant Marine Will Soon Carry Cargoes Across the Atlantic

Shipyards of Country Respond to Call of President by Hastening Operations—Half the Number May Be Afloat Within Present Month—Vessels to Be of 1,000 and 2,000 Tons Capacity.



If there be any lingering doubt in the mind of the laymen that Uncle Sam will not be able to float within a comparatively short time "a thousand wooden ships," to carry his produce across the Atlantic, a glimpse of some of the busy shipyards of the country would be convincing. For they are working—most of them to their fullest capacity. The accompanying picture shows a scene at the Clooney Construction Company's shipyards at Westlake, La., where three and four-masted schooners are being rushed to completion. They are all wooden vessels with carrying capacities of from 1,000 to 2,000 tons. The vessels in the range of the camera will be added to the American Merchant marine within sixty days. It is estimated that more than 500 of this type of vessel will be ready before the close of May.

DYNAMITE FOUND UNDER TRACK NEAR NORTH CHARLEROI STATION

In good position to do great damages, but minus a cap, a stick of dynamite was found Friday in the dusk of morning under a tie of the south bound railroad track of the Monongahela Division, P. R. R., not far from the North Charleroi railroad station. Railroad police and North Charleroi borough authorities are investigating.

There is a theory that the cap had been fired without the dynamite going off. From the condition of the dynamite it had been in the open possibly two days.

Frank Bras was returning from the North Charleroi fire house after the fire of Friday morning when he noticed the dynamite under the track. He placed it in safe keeping and as soon as possible notified authorites. The motve in placing dynamite where it was can only be guessed. Either revenge by some person with a fanatical idea or a desire by a German sympathizer to do damage is believed to have furnished the motive for planting the dynamite.

FUNERAL OF MRS. ELIZABETH CRAIG TO BE HELD ON SUNDAY

The funeral of Mrs. Elizabeth Craig who was found dead in bed at her home on Washington avenue Friday morning, will be held Sunday afternoon at 2 o'clock at the Washington Avenue Presbyterian church, where Rev. John R. Burson, pastor of the church will conduct the obsequies. Interment will be in the Belle Vernon cemetery.

ABLE MEN APPEARING IN POST SEASON BOXING SHOW

When Patsy Dugan and Chick Rodgers meet in the post season boxing show tonight at the Charleroi rink, there will be warmth of argument aplenty to satisfy the most exacting pug fans. Both men are strong fighters and trained to perfection for a bout that means much to them.

The show is being staged as a benefit for the Charleroi Baseball club. Preliminaries will be presented that promise decided interest.

Notice

Dr. E. Grewer, Philadelphia Specialist, will be at the Hotel Charleroi on Monday May 14th from 9 o'clock in the morning until 9 o'clock in evening, where he may be consulted for all private disease free. Also Nervous, Blood and Skin diseases, Fits, Kidney and Bladder disease, for men and women. Stf

Many Volunteer To Make Draft

Sheriff Wickerham Will Have Plenty [illegible] Conscription Law.

Sheriff Frank B. Wickerham, who is to be the general conscription agent for Washington county under the provisions of the new conscript act, said Friday that already he had received notification from 19 men, living in 18 of the 146 precincts in Washington county, that they would act as precinct conscription agents free of cost, and solely for the purpose of assisting the government in its war preparations.

The sheriff will be forced to depend upon a man in each precinct to enroll and register the men of military age. The early volunteering for this work indicates the willingness of the county's citizens to assist. Where more than one volunteer from a precinct, the sheriff will select the man with experience. Should registry assessors make application as volunteers, they would probably be accepted over others, on account of their familiarity with such work.

Washington county's quota under the conscription act will be about 1,000 men, and that of Washington not many more than 200. However, all men of military age under the conscript law must be registered, and the draft made selectively of these.

MINER KILLED BY SLATE FALL IN THE ALICE MINE

Charles Storey, a Slavek miner employed in the Alice mine across the river from Roscoe was killed by a fall of slate while at work in the mine Friday. His body was recovered and removed to the morgue of Mrs. Hancock.

NEARLY EVERY BAND IN UPPER VALLEY COMING

Numerous Musical Organizations Coming for Patriotic Demonstration

G. A. R. COMMITTEE NAMED

Practically all the bands in the upper Monongahela valley have been engaged for the Charleroi patriotic demonstration to be held next Saturday. In this number of course is included the best there are. If any more bands are needed it is stated it may be necessary to go to Pittsburg to secure them. As a matter of fact Charleroi Aerie, Fraternal Order of Eagles, facing difficulty in getting the necessary players, have had that under contemplation.

Chairman James J. Hott of the general committee this morning named a G. A. R. committee to consist of Jacob Wise, William Geho and Justice of the Peace R. L. Culbertson, the last named being from North Charleroi. Already this committee is at work to get all the old soldiers in the valley to turn out. James Monack has been added to the parade committee.

On Monday night a general meeting is planned when committees will make definite reports and when final details of arrangements will be discussed.

[illegible] speak[illegible] sec[illegible] sin[illegible] bu[illegible] to [illegible] others as noted and as able as he.

WILL OBSERVE MOTHER'S DAY

Churches Will do Honor and Special Sermons Will be Preached

PEOPLE TO WEAR FLOWERS

Mother's Day will be observed Sunday, according to custom, by wearing of a flower in token of the mother living or dead. In every church note will be taken of the occasion and from practically all pulpits sermons will be preached in honor of her.

Mother's Day was founded by a Philadelphia girl, Miss Anna Jarvis, who also founded the Mother's Day International Association to provide the necessary organized support. A white flower is worn in honor of the mother who is dead and a colored flower in honor of the one who is living. The carnation is considered the Mother's Day flower.

Criminal Court to Convene

Criminal court will be convened Monday next at 1 o'clock. Cases listed up to and including Wednesday May 23.

John K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

MOTHER'S DAY

Mother's Day does not rank with Easter, Thanksgiving or any other holiday of the year, but is a day all of itself, set apart for honoring that noblest one of all civilization. None of the rites characteristic of the other days of observance of the year are [illegible] on this occasion.

National observance consists only in wearing a flower as a token. Original custom called for the wearing of a white carnation for the mother who is dead and a colored flower for the one living. The Mother's day flower originally was the carnation. Any flower is proper however, with the preference in colors as explained, since it makes the rite all the more beautiful and appropriate.

Annually the second Sunday of May is observed as Mother's Day. The thought of setting aside one day in the year to be particularly devoted to one's mother was first suggested by Miss Anna Jarvis of Philadelphia, who founded the Mother's Day International Association to provide the necessary organized support for fostering the movement. Since its inception the movement has expanded until it is more than national-wide

WHAT OTHERS THINK

THE SPIRIT OF LIBERTY

The fatuous, slothful and cowardly spirit that masquerades as pacifism must be thrust out of American hearts. The spirit of Washington and Jones and Lincoln must be re- that date. [illegible] is to retain the [illegible] Secret [illegible] arous- comes sorted [illegible] n be robbed and overcome. "Gesiegt headsome" is the word which Germany uses to describe what it will do to the United States. "Overcome"! How does that word sound to an American? How does it feel to be classed with Belgium, Serbia, Poland and Rumania? Germany counts upon America to defeat herself by greed, cowardice, divided counsel, domestic treachery, and mere inability to organize victory. Germany regards America as a huge mob of discordant nationalities scrambling for money. Have we not encouraged her to form this false opinion? The hour has come for the world to hear the eagle scream again. The nation must stand as one man behind the president, and bid him take up his mighty task with a clear conscience and a stout heart. Weak men must give way to strong men. The coward pacifist in congress, if there be any such, must hold his tongue.—Wasington Post.

HOW NOT TO GET RICH

Getting rich these solemn days is going to be unpopular, especially getting rich off the government. A man who makes a fortune off munitions of war is going to be regarded as a traitor to his country. In these days of the nation's peril and sorrow to get rich in any way, on food or clothing, as well as on munitions, is going to meet with universal disgust. These are days when men owe to themselves only plain, simple, everyday living. All the rest belongs to their country, and any departure from this is going to make unhappy men. Patriotism, not in sound, or show or banner, but in life, is for some time now to be the habit of a true citizenship. Modesty, self-denial and courage are the adornments of a real Americanism these days. Without them dreadnoughts and tank machines will win the day—Ohio State Journal.

PICKED UP IN PASSING

A schoolmistress asked her class to explain the word "bachelor," and was very much amused when a little girl answered, "A bachelor is a very happy man."

"Where did you learn that?" asked the mistress.

"Father told me," the little girl replied.

A man sat down to write out a

men by these presents."

"You are wrong," said a friend; "it ought to be 'Know all men.'"

"If all women know it, all men will surely," answered the other.

Little Ada came in to her mother from her play and asked:

"Have gooseberries any legs mother?"

"Why, no, dear," replied the mother, "of course not. Why do you ask?"

Ada looked solemn as she raised her face to her mother's. "Why, then mother," she said, "I've been eatin' caterpillars!"

ELECTRIC SPARKS

If you are in an automobile traveling 20 miles an hour and another automobile approaches at the rate of 30 miles an hour, at what rate of speed do you pass?

Sunday school at 9:45. Preaching services at 11. Mothers Day will be observed at this hour and sermon appropriate to the occasion. Junior league at 2. Vesper services with sermon at 7:30. Senior league Wednesday night 7:30. C. P. Basian, pastor.

CHINESE CIRCUS WILL BE PART OF BIG SHOW

When the Barnum & Bailey circus comes to town Saturday, May 26 it will show in its program of big events a [illegible] Chinese circus in which the [illegible] wonderful acrobats are in this country for the first time. In their own country their performance constituted an entire evening's entertainment. There are four great troupes, consisting of fifty marvelous celestials who perform a series of thrilling aerial acts, while suspended by the hair of their heads. Included among these performers are native jugglers, equilibrists, contortionists, acrobats and knife hurlers in incredible exploits that are absolutely new to America.

The feats performed by the aerialists while hanging by their hair are pronounced by physicians as the most hazardous ever attempted by human beings. From the topmost heights of the circus tent, these daring Oriental performers slide at lightning speed on a swaying cable to the ground, dangling by a slender strand of hair. It is one of the most thrilling circus acts ever presented and one which no Occidental performer would dare to attempt.

The juggling and equilibristic feats are also a distinct novelty requiring a higher degree of skill than has ever been exhibited by circus performers of any nationality heretofore. Balancing as many as twenty china plates on the tips of slender willow rods, each of these artists juggles this remarkable collection at the same time performing remarkable feats of contortion with the body.

This wonderful Chinese circus is but one of a host of new foreign novelties that the Barnum & Bailey circus has imported from Europe and the Orient for the all new program that it is presenting this season. More foreign acts are presented than ever before, the European agents of Barnum & Bailey having secured the cream of the artists from the Continental circuses and music halls, many of which have been closed on account of the war. There are 480 performers who participate in the arenic program this season.

WAYNESBURG COLLEGE WILL HOLD FIELD MEET

Waynesburg college has decided not to postpone its Interscholastic track and field meet as was originally intended but have set the date for May 30. Invitations have been sent to high schools in western Penn- and eastern Ohio. There will be ten events open to the high schools. Team and individual trophies in the form of loving cups, gold, silver and bronze medals will be given the winners. Entrance blanks will be sent on request by writing to A. I. Garrett, Waynesburg, Pa.

A WOMAN'S BACK

The Advice of This Charleroi Woman is of Certain Value.

Many a woman's back has many aches and pains.

Often times 'tis the kidneys' fault.

That's why Doans Kidney Pills are so effective.

Many Charleroi women know this.

Read what one has to say about it:

Mrs. Fred Jackson, 207 Prospect avenue, Charleroi, says: "I was troubled by a constant backache. If I did a little extra work the pain in my back was intense. I didn't rest well at night and got up in the morning lame and stiff. If I stooped, sharp pains caught me and I could hardly straighten. I also had rheumatic pains in my back and arms and I couldn't do any sweeping. Dizzy spells and hot flashes bothered me terribly. As Doan's Kidney Pills had been used in the family, I got a box at Piper Bros' Drug Store and began taking them. One box practically cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Jackson. Foster-Milburn Co., Props., Buffalo, N. Y. 40

Most Critical Race in Our History

WILL THE WORLD GO HUNGRY?

Not if We Plant Our Backyards

So short is the world's food supply that without increased production many on this side of the Atlantic must go hungry, and even with enormously increased production cheap food cannot be expected. The world is waiting for our harvest.

Every man not on active service can help. In every city, town and village are men who, by their training on the farm, or by their present occupation, can readily adapt themselves to farm work. These can render no greater service to humanity at the present time than by answering the call of the farm. Capable men and boys willing to learn should not allow their lack of farm experience to stand in the way.

Can the government render a more signal service in this crisis than by encouraging these men to help the farmer to cultivate every available acre, and by making it easy for them to go?

If peace should be declared within a year, the food conditions will be no better, for the accumulated hunger of the Central Empires must be met. This will absorb a large part of the world's supply.

No one can tell when this war will cease. It is endless—its lengthening out has paralyzed the thought and conception of all men who thought about it and its possible time of conclusion.

Under date of April 10th, Ogden Armour, executive head of Armour & Company, one of the world's largest dealers in food products, stated that unless the United States wishes to walk deliberately into a catastrophe, the best brains of the country, under Government supervision, must immediately devise means of increasing and conserving food supplies. Armour urged the cultivation of every available acre. The food shortage, he said, is world wide. European production is cut in half, the Argentine Republic has suffered droughts. The United States and Canada must wake up!

People are starving today in Belgium, in Serbia, in Poland, in Armenia, in many quarters of the globe.

Famine conditions are becoming more widespread.

The failure of the grain crop in the Argentine Republic, which is ordinarily a great grain-exporting nation, resulted in an embargo being placed, in March, 1917, upon the export of grains from that country to avert local famine.

The United States Department of Agriculture, in its official report, announces the condition of the fall wheat crop (which is two-thirds of their total wheat crop), on April 1st, 1917, to be the poorest ever recorded, and predicts a yield of 244,000,000 bushels below the crop of 1915. The 1916 crop was poor. Even with favorable weather, the wheat crop of the United States is likely to be the smallest in thirty-five years, not more than 64 per cent of the normal crop.

On these alarming food conditions becoming known, President Wilson immediately appointed a Food Comptroller for the United States. He selected Herbert C. Hoover, to whom the world is indebted, as Chairman of the International Belgian Relief Commission, for his personal direction of the distribution of food among the starving Belgians.

514-16 Fallowfield Ave., CHARLEROI
"THE LADIES' STORE"

GARDEN COLUMN

By National Emergency Food Garden Commission

Warning

"Plant beans!" "Plant beans!" To garden planters throughout the country this warning was issued today by Charles Latrop Pack president of the National Emergency Food Garden Commission 210 Maryland Building which is conducting a nation wide campaign for more good gardens this year.

The warning points attention to the bean of time subject of jokemaker but now to be reckoned with in figuring the food supply of the nation. There is a shortage of can and glass jars for canning purposes and President Pack asks the gardeners to plant plenty of beans for the bean "cans" itself because nature has looked after that.

"Beans dry themselves and can be put away for future use," said Mr. Pack; "and therefore it is of the greatest importance that they be not overlooked in planting. Plant a lot of them There food value is the greatest.

"It will be well to save every bottle you can get hold of particularly wide necked ones, for putting up fruits, preserves, jellies, jams and fruit juices. Saving of bottles is highly important; as there threatens to be a serious shortage of regular jars and preserving cans this season.

"If sealed with corks and paraffin fruit can be kept perfectly in these makeshift containers. Vegetables, soups and meats, however, to keep must be sealed by the usual fruit jar or tin-can packing methods."

Onions.

Because of the advantages there will be this year in producing vegetables in home gardens for winter storage, the National Emergency Food Garden Commission urges onion planting.

The onion is high in nutritive value. There are few vegetables which on a given space will manufacture plant food, air, water, and sunshine into so much human food as will the onion. It responds especially well to the intensive cultivation which a home gardener can give; and, when grown from seed and transplanted, it will allow another crop to occupy its garden bed early in the season, if the other crop is a quick maturer.

But on the other hand no plant needs soil so finely pulverized, so free from weeds, or any richer than does the onion. It will not do well in clodded clay, and it does its best when land has been planted to onions for three or four seasons. Therefore it is particularly recommended to those who cultivate the same garden place year after year. New gardens are not apt to produce good onions unless the soil is naturally soft and rich.

The seed should be sown at once in special beds, planting good seed thickly in rows 3 or 4 inches apart. If fertilizer is used it should be placed on top of the soil, as the onion roots feed at the surface. The seed is covered shallowly. When the plants are 3 to 4 inches high it is time to transplant them.

The ground for the plants should be carefully prepared. The tops should be trimmed off one-third. Holes for transplanting are made with a pointed stick the plants being set out 3 inches apart, in rows 1 foot apart.

RHEUMATICS ARE SATISFIED

SATISFIED THAT "NEUTRONE PRESCRIPTION 99" DOES ALL THAT IS CLAIMED FOR IT

They have used "Neutrone Prescription 99" for all forms of Rheumatism and Neuralgia, they frankly tell how it has proven its quick and lasting benefit.

The words of praise from Newburgh's relieved Rheumatic sufferers will prove to many a crippled sufferer a welcome message pointing the way to quick and permanent relief.

What is more convincing than home testimony?

"Neutrone Prescription 99" from its remarkable success has sprung into almost instant popularity; "it produces results."

Get a 50c or $1.00 bottle today, you will be surprised at the improvement even in a short time. Mail orders filled on $1.00 size. W. F. Hennings the druggist and leading druggists everywhere

NEW MILK PRICE SET BY TRI STATE MILKMEN

Twenty-One Cents Minimum Per Gallon to be Paid by Pittsburg Dealers For Next Three Months—13 Cents Last Year.

The Tri-State Dairyman's association, composed mostly of milk producers who ship to Pittsburg, residing in Washington county have come to terms with the Pittsburg distributors for the months of May, June and July. They wil receive 21 cents per gallon for milk testing 3.5 per cent butter fat and one-third of a cent per gallon additional for each one-tenth per cent increase in the butter fat test. In other words the price for 3.8 per cent will be 22 cents a gallon and for 4.1 per cent 23 cents. The price at this time last year was from 13 to 14 cents per gallon. Following their differences with the distributors last fall the shippers signed a new contract which expired the first of this month. The new agreement calls for a slightly smaller price than that contract, owing to the fact that the cows are now in pasture and the feed expense is less. At that the profit is small. In some instances during the winter shippers are known to have lost money.

Tri-State representatives attended the meeting in Ohio when the shippers from the Ohio creamery district negotiated for their price and a representative of the Ohio shippers attended the sessions held by the Tri-State dairymen and Pittsburg dealers where they bargained. The Ohio and Pennsylvania producers are still standing together as they did last fall.

LOCAL YOUNG MAN HONORED BY THE CURTIS COMPANY

James A. Reid of Crest avenue, a local boy, has just received the news of his promotion to master salesman in the vocational organization known as The League of Curtis Salesmen.

This Vocational League embodies a plan for vocational guidance and training, which has attracted the attention of educators and progressive business men throughout the country. The League is composed of the most efficient boys engaged in the selling of the periodicals issued by The Curtis Publishing company, Philadelphia and is a part of the great nation-wide movement which is striving to keep the boy in school longer, to educate him in the particular subjects which will help him most when he leaves school, and to help start him in the kind of work for which he is best fitted.

The league of Curtis salesmen is the concrete application of this plan. Any school boy is eligible to qualify for membership in the league. After he becomes a member, he may, in the course of time, after fulfilling certain requirements, advance to master salesman. James is now a master salesman. When he has finished his schooling, the Curtis company guarantees to secure for him, upon request, a salaried position with a reputable concern in or near his home town—a position which, from the company's knowledge of his ability and inclination, offers him an opportunity to develop and advance.

MONESSEN BOROUGH LETS LARGE PAVING CONTRACTS

Donora Construction Company Gets Business Amounting in Aggregate To $80,0000.

Contracts for street paving approximating $80,000 have been awarded by Monessen council. The Donora Construction company was the successful bidder and was awarded the business. There were six bidders, but the above concern was the lowest. The work will be started at once and will be pushed as rapidly as weather and labor conditions will permit East Donner avenue is included in the contracts and this street will likely be paved first. On this section the Porter brick were specified with a crushed stone base. All other streets will be paved with Pennsylvania clap or Bessemer brick and gravel foundation.

FIREMEN TO ATTEND CHURCH IN A BODY ON SUNDAY

DANGEROUS EYE STRAIN.

It Has Many Symptoms and May Affect the Whole System.

Chief among the symptoms of eye strain are watering of the eye, a gluing together of the eyelids on awakening in the morning, headache, the position and character of which vary with each individual. It may be neuralgic or it may be deeply seated.

The headache is often replaced by an inflammation of the eyelids, especially in young and healthy persons who also have a little conjunctivitis, with a feeling of tension or fullness in the eyes which may become real pain of a dull aching character, the eyeballs being very tender on pressure.

Sometimes there are vertigo and sickness, with dyspepsia palpitation and even difficulty in breathing. Sleeplessness is a very frequent symptom, due in part to the excessive flow of blood to the brain and in part to the low tone of the whole nervous system.

The symptoms of eye strain appear sooner in those who lead a confined and sedentary life, who follow occupations which need a constant use of the eyes in bad or unsuitable light and in those who are debilitated from any cause. The symptoms appear later in those of coarser fiber, who pass much of their time in the open air or who follow occupations which do not need a prolonged use of the eyes for close work.—London Lancet.

Our Business In China.

You ought to see the American business representative in China. It would do your heart good. They are the younger set, clean cut, strong, alert efficient. The first thing they do when they land in the heart of China is to run up the Stars and Stripes, and then they go out and find a buyer for their goods.

But the flag first, with them. The United States must get behind these missionaries of its commercial life, as it gets behind its religious missionaries.—Victor Murdock in Kansas City Star.

CHRISTIAN CHURCH DISTRICT CONVENTION WILL BE HELD

The sixth district convention of Christian churches of the upper Monongahela valley, consisting of denominations in Charleroi, Belle Vernon, Monessen, California, Monongahela, Clarksville and Marianna, will be held in Monessen on Tuesday May 15 in the First Christian church. At the morning session needs and problems in the district will be discussed by Rev R. A. Hohn, Rev. B. C. Hiller, Rev. E. N Duty and Thomas Wood. Secretary D. Park Charsman will conduct a round table discussion of state work and Rev. Percy Davis of Monongahela devotional. In the afternoon Rev. J. B. Swain of Monessen and Prof. Miller will make addresses and in the evening the address will be made by Prof. Miller, who is from Bethany college. Statements will be made by Secretaries D. Park Charsman and Miss Elsie Taylor

MONESSEN YOUTH ON WAY TO FRANCE WITH HOSPITAL UNIT

Ronald Reamer, son of Mr. and Mrs. Daniel Reamer of Sixth street, Monessen who left Tuesday, May 1 to join the hospital corps will probably be the first Monessen lad to cross the waters as a member of the United States army. One week after enlisting he was sent with his unit which consisted of students from Allegheny college to New York and according to word received here left Tuesday on a transport bound for France.

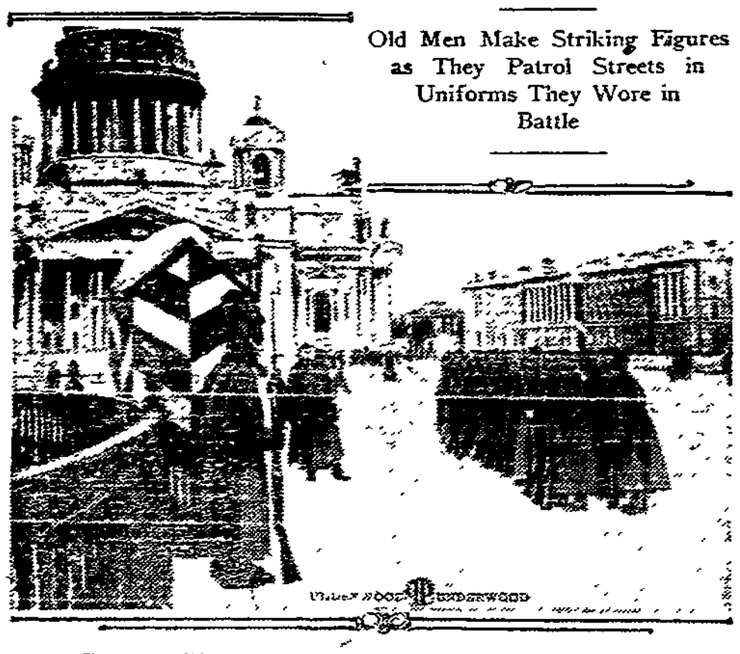
Hoary Veterans of Other Wars Form Home Guard in Many Russian Cities

Old Men Make Striking Figures as They Patrol Streets in Uniforms They Wore in Battle



As the European War progresses, Russia with its millions, feels the drain upon its manhood. The youth of the nation, and all men of middle age able to serve, are already in the army or navy. Thousands are drilling in Petrograd and other cities only to be hurried away to the various battle-fronts. The home guard has been cut down. The old men from sixty to eighty, many of whom fought in battles which have made European history, have taken up the defense of the cities, lending their service largely to the guarding of public buildings and statues. The accompanying picture shows, in striking contrast, one of these old men garbed in the ancient military uniform with fur headpiece, standing by his hut near an equestrian statue, while a military company is drilling in the right background.

INDUSTRIAL COMMITTEE WILL LAY PLANS SUNDAY EVENING

The industrial committee appointed for the patriotic demonstration to be held Saturday will meet Sunday evening at 6:30 o'clock in Labor Temple for the purpose of arranging plans for participation of valley miners and industrial workers in the parade. John P. Ferry is chairman of the committee.

SAFETY COUNCIL PLANS ACTIVITY IN DISTRICT

The Western Pennsylvania Safety Council of the National Safety council is sending out a letter to manager of industrial plants informing them of work being done by the council and announcing a meeting in the interests of safety to be held in Monongahela next Monday evening. The letter is as follows:

To Managers of Industrial Plants:

On Monday evening, May 14th at 8 o'clock in the municipal building, Monongahela city, a lecture will be given by Dr. Wm. O'Neil Sherman, chief surgeon of the Carnegie Steel company on the subject, "Hospital Experiences in the War Zone of France." Dr. Sherman spent six months in the hospitals of France making a study of the new "Carrel" treatment of wounds and the "Armine" treatment of burns. At the lecture will be shown several reels of official French Government war pictures showing the troops in action and remarkable pictures of the big guns.

Dr. Sherman has prepared this lecture especially for superintendents and foremen and will dwell particularly on the prevention of infection from small wounds. This lecture is one of a series of lectures on "Safety" which are being conducted in seventeen districts in and around Pittsburg by the Western Pennsylvania Safety council.

A local committee has been organized in each district and it is proposed each year to conduct safety meetings for foremen, moving-picture exhibits on safety for workmen and also to secure the cooperation of the schools in teaching safety to the children.

Many individual plants are doing efficient safety work. What is needed is a community action which will reach all of the foremen and workmen and arouse them to a serious interest in safety. The result will directly benefit your plant.

The committee wants you to get back of this movement and see that each foreman and superintendent in your plant attends this lecture by Dr. Sherman.

For the Committee:—
E. E Bach, chairman, Ellsworth Collieries company, Ellsworth, Pa.
J. L. McGregor, secretary, American Steel & Wire company, Donora, Pa.

MUSICAL AUXILIARY HOLDS FINAL MEETING

The Musical Auxiliary to the Athene club held their last regular meeting of the club year Thursday evening at the home of Miss Della Jacobs on Second street. A business session was followed by a short program as follows: solo, Miss Jean Calvert; piano solo, Miss Olive McKay; current events paper, Miss Nora Swan. During the social hour refreshments were served by the hostesses, Misses Della Swan and Della Jacobs.

Rush of Uniontown are visiting with relatives in Charleroi.

R. H. Rush was a Pittsburg business caller Friday.

About ten couple from Charleroi attended a dance given by the Youghiougheny club at West Newton Friday evening.

Miss Beatrice Holman, daughter of Mr. and Mrs. Gus Holman underwent an operation for appendicitis at the Charleroi-Monessen hospital Friday and is improving nicely.

TWO HOMES INSPECTED BY THE GRAND JURY

Trip Taken to the Children's Home And the County Home—Children Demonstrate Knowledge Much to Delight of Members of Jury.

The grand jury made a formal return Friday of the cases in which true bills had been found. This completed the work of the jury and they were discharged.

The jury spent Friday at the Children's and County Homes. Dinner was taken at noon at the Children's home as guests of Mr. and Mrs. T. C. Luellen, in charge of the home. Before dinner was served the jury made a tour of the building, it being the first time that the majority had visited any of the county institutions. There were many expressions of surprise at the very comfortable quarters the children occupied and there were commendations for the spick and span condition in which everything was found. The serving of the children at noon was interesting.

Not only did the grand jury have a fine dinner, but the children got practically the same menu as was served the visitors. This included ice cream which they enjoyed thoroughly. There are 82 children in the home. After dinner there was a short patriotic program in the school room and a demonstration by the children of their knowledge of the Bible. Rev. W. F. McKee of Monongahela, a member of the jury and a brother of Rev. C. L. McKee of Washington, made a few brief remarks.

The County home was visited during the afternoon. There are unusual congested conditions there due to the building operations. This annex, which will relieve matters greatly is nearing completion, but it will be several weeks before it is ready for occupancy.

The cold weather has retarded garden making. The green house is full of plants ready to be set out when the weather is seasonable. Some farm products, though have been put in and others are being planted.

There are over 200 inmates in the home now.

WAR VETERANS LIVING IN THIS VALLEY ASKED HERE FOR PARADE

The following invitation to all the veterans of the Civil war has been extended by Commander J. Wise of the Charleroi Veteran Guard:

"Charleroi extends a special invitation to all comrades of the Civil war in the Monongahela valley to take part in the patriotic demonstration to be held My 19 in Charleroi. Comrades are requested to report promptly to Chief of Police C. W. Albright or W. B. Patterson to be assigned proper place in the first division of the parade. Automobiles will be used only for veteran soldiers."

ROSCOE POLICE FORCE QUITS; COUNCIL SEEKS HIS SUCCESSOR

Roscoe wants a policeman. James Stephenson, for an extended term the chief of police and force of the upriver borough has resigned, his resignation to take effect May 15. There is no one to take his place and the borough council is anxiously inquiring for a man.

LILLEY COAL COMPANY PURCHASES PAUL FARM

Surface and Coal Purchased by Monongahela Valley Concern, Tract Containing Slightly More Than 200 Acres.

The Lilley Coal & Coke company, which operates a mine near West Brownsville, has recently made important purchases of coal and surface near Washington from the heirs of William Paul and N. E. Paul, deceased. The surface lies in South Strabane township, on the Waynesburg & Washington railroad, near Washington, and contains 19.626 acres. The coal sold contains 215.8414 acres of the Pittsburg vein, and adjoins the surface just mentioned. It lies in South Strabane and North Franklin townships. It is probable that the Lilley company will open a mine on this land.

The consideration for the surface and was in the neighborhood of $18,886, or nearly $1,000 an acre. The price paid for the coal was about $37,773, or about $175 an acre.

Those interested in the deal as the Paul heirs are Mrs. Martha V. Paul, Hannah P. Hastings, Philo V. Paul, I. E. Paul, Mary R Paul, N. Alice Paul, and Mattie Paul, all of Washington.

Just received several 5x8 imitation wool bunting flags. We also have one 5x8 all wool flag to sell at a bargain, also smaller flags mounted on sticks. Buy your flags early and be sure of getting them for the celebration. Berryman's. 279-t1
